Feel and Look Younger for less than a cup of coffee a day!
Our bodies are under the constant barrage of free radicals causing cancer, diabetes and severe illnesses.

Free radicals are highly reactive molecules than can damage proteins, fats and even DNA inside our bodies. Food sources today do not provide enzymes for repairing damage that accelerates the aging process. A kelp native to Japan where it is cultivated for human consumption. It is an opportunistic weed which spreads mainly by fouling ship hulls. It forms dense forests, resulting in competition for light and space which may lead to the exclusion or displacement of native plant and animal species.

We have a proprietary, non-evasive laser scanner scientifically proven to instantly measure the level of antioxidants in your body. Antioxidants work to help fight the harmful effects of free radicals. This memorandum is submitted at your request as a basis for the discussion on August 24 with Mr. Booth (executive vice president) and others at the U.S. Chamber of Commerce. The purpose is to identify the problem, and suggest possible avenues of action for further consideration.

The higher the antioxidant level, the stronger the shield against free radicals. Americans average below the required antioxidant level contributing to early aging and death. Our Vitamins raise your antioxidant levels and our patented laser scanner guarantees it. Judge for yourself. Learn More
Q.U.I.C. Business/Product Alert
Is this for you? Do You Network Everyday?

.....and do you get paid for it?
Most people do network marketing everyday, but they just don't get paid for it!

Wouldn't you agree with that statement?
Have you ever promoted and recommended a product or service to someone? How about a good movie, a good book, a good restaurant etc. You get the idea. Dimensions of the Attack No thoughtful person can question that the American economic system is under broad attack. I This

varies in scope, intensity, in the techniques employed, and in the level of visibility.

How did you feel when you promoted that specific product or service? You probably felt good about it, right? Doesn't it make you feel good when you recommend something to someone that really benefited from your recommendation?
Let me ask you this: Since you are promoting and recommending every day, and NOT getting paid, would you like to finally do something about that?

If your answer is "YES", please read on or continue listening.
I could go on and on but I think you get the picture.

Who Are We?
We are a Private Label Company We are looking for key leaders in various parts of the United States to help build our army of distributors to take our product to the masses.

If you are the type of person that could recognize something that came along that was exceptional, something that may in fact change your life forever, this may be for you. There always have been some who opposed the American system, and preferred socialism or some form of statism (communism or fascism). Also, there always have been critics of the system, whose criticism has been wholesome and constructive so long as the objective was to improve rather than to subvert or destroy. If you have always wanted your own deal and have your own Private Label, this could be for you. To see if it is, I would like to invite you as my guest on our next Conference Call to get the information needed to make an informed decision. For details about having your own deal, please go to "High Achievers" link for info....
What Is the High N.R.G.?

.....and our 10 Day Test The HIGH N.R.G. Shake was developed in the early 1980's due to a private Grant for \$ million dollars. The product was "constructed" one ingredient at a time to make it a synergistic product. This product has been researched for over two decades and has had 2,200 studies done on all of the ingredients by 466 MD's, 382 Nutritional Scientists, 23 Clinical Psychologists, 242 PhD's and 131 Medical Researchers.
For every pound you are overweight, your body grows 7 more miles of

blood vessels to supply blood to the fat tissue. This causes high blood pressure because your heart has to work harder to push blood through the extra miles of blood vessels. But what now concerns us is quite new in the history of America. We are not dealing with sporadic or isolated attacks from a relatively few extremists or even from the minority socialist cadre. Rather, the assault on the enterprise system is broadly based and consistently pursued. It is gaining momentum and converts.

Sources of the Attack
Being overweight is the leading cause of dissatisfaction with one's appearance, depression, low self-esteem, eating disorders, cancers (including colon cancer, breast cancer, uterine cancer), coronary disease, osteoarthritis, diabetes, hypertension, and stroke.
Where Do You Belong?
There are 2 kinds of people in this world. Those that network everyday and DON'T get paid and those that network everyday and DO get paid. Which Group Do You Want to Belong To?
The Choice is Yours.

Ayo Balogun
Good Day Friend,
This might seem very deplorable for a person that you do not know but as the title implies I am Ayo Balogun, the First Son of the former Inspector General of Nigerian police (IG) Tafa Balogun. I got your contact through my personal search on the internet.

I am contacting you due to the present situation as regards the special panel set up by the present democratic administration in my country (Nigeria) under the anti-corruption law passed mainly to recover what they termed 'The many deals of Inspector General of Nigerian police' this law is yet another smear campaign aimed mainly to frustrate, humiliate, dismember and widen the scope of hatred to our family. Moreover, much of the media-for varying motives and in varying degrees-either voluntarily accords unique publicity to these "attackers," or at least allows them to exploit the media for their purposes. This is especially true of television, which now plays such a predominant role in shaping the thinking, attitudes and

emotions of our people. One of the bewildering paradox The rampaging situation in our accounts abroad has yielded to the barbaric pressure and just last month we were squished out of another US\$85m and all this funds can be ascertained independently. You may wish to confirm this from a leading newspaper in Nigeria (This Day) from their website at
You may be aware that my innocent mother is now on the run for her dare life.
According to my estimation in the

deal my father did in Nigeria alone we still have about US\$50m in cash in different Securities Companies that we intend to siphon abroad through your assistance for the purpose of investment in areas of your interest.

Therefore, I am soliciting for genuine partners that I can invest this fund which my father personally deposited with my own name unknown to any other person except me of about US\$20m. For more details, contact me as a handsome reward of 17% of the total sum awaits you subject to our negotiation and agreement.
You can contact me via my private e-mail at for security reason for further details for now. In the event of you not being interested in this proposal, endeavour to keep this highly confidential!
Thanks and God bless you!
Sincerely,
Ayo Balogun

Dear.Sir/madam,
I know that this proposal might be a surprise to you but do consider it as an emmergency. In a nutshell,I am Miss Ann

Camara 20 years old from the republic of Sierra-Leone in west Africa,now seeking for refuge in Dakar Senegal under the(UNHCR). "You must learn to fight in the

streets, to revolt, to shoot guns. We will learn to do all of the things that property owners fear."2 The New Leftists who heed Kunstler's advice increasingly are beginning to act -- not just against military recruiting offices and manufacturers of munitions, but against a variety of businesses: "Since February, 1970, branches (of Bank of America) have been attacked 39 times, 22 times with explosive devices and 17 times with fire bombs or by arsonists."3 Although New Leftist spokesmen are succeeding in radicalizing I got your

contact from where i was searching a good penpal for a possible transaction. My (late) father Dr Lamine was the managing director of Rainbow Gold and Diamond Mine company in(KENEMA)Sierra-Leone.But he was killed along side with my mother during the longing civil war and all his properties was totally destroyed.

However, after their death I managed to escape with a very important document (DEPOSIT CERTIFICATE)(US\$10.5m)Ten million Five hundred thousand U.S Dollars deposited by my late father in a leading Bank her in dakar-senegal .)Which my name appears as the next of kin. Meanwhile,I am saddled with the problem of securing a trust worthy foreign personality to help me transfer the money over to his country and into his possession pending my arrival to meet with him. Furthermore,"Yale, like every other major college, is graduating scores of bright young men who are practitioners of the politics of despair." These young men despise the American political and economic system . . . you can contact the Bank for confirmation and i will issue a letter of Authorisation on your name,that will enable the Bank to deal with you on my behalf. (their) minds seem to be wholly closed. They live, not by rational discussion, but by mindless slogans."4 A recent poll of students

on 12 representative campuses reported that: "Almost half the students favored socialization of basic U.S.

I am giving you this offers as mentioned with every confidence on your acceptance to assist me. Conclusively,I wish you send me a reply immediately as soon as you receive this proposal.

Until then,
I remain with the best regards.

A frontal assault was made on our government, our system of justice, and the free enterprise system by Yale Professor Charles Reich in his widely publicized book: "The Greening of America," published last winter. The foregoing references illustrate the broad, shotgun attack on the system itself. There are countless examples of rifle shots which undermine confidence and confuse the public. Favorite current targets are proposals for tax incentives through changes in depreciation rates and investment credits. These are usually described in the media as "tax breaks," "loop holes" or "tax benefits" for the benefit of business. * As viewed by a columnist in the Post, such tax measures would benefit "only the rich, the owners of big companies."8 It is dismaying that many politicians make the same argument that tax measures of this kind benefit only As I'm bed-ridden and my health deteriorating so rapidly. From: Esther Buch
Dear Sir/Madam,
I am Mrs. Esther Buch, wife to late Engr. Hillary Alan Buch who died offshore during a clash between the Shell petroleum Development Company (SPDC) and the Niger Delta community because of their incessant plight of not being compensated for the oil exploration activities in their community by the NIGER DELTA DEVELOPMENT COMMISSION.
My husband used to work as a top engineer in Shell Petroleum Development Company (SPDC) in Durban, South Africa before his death. After the death of my husband two years ago, I immediately moved all of our finances to a security and finance company in europe for safe keeping. I have been sick all these while due to the shock generated by my husband's death hoping to get better as the day goes by but to no avail. I am presently in Dubai, UAE undergoing treatment. The problem now is that my Doctor told me that I would not last for the next three months due to developed cancer problem. Though what disturbs me most is my stroke. I have decided to invest these funds in your country, for the future of my four kids. I have to deal with you on total trust and confidentiality as this is the only hope for my children and

This is the precept by which I have lived: Prepare for the worst expect the best and take what comes. Concentration is my motto -- first honesty, then industry, then concentration. Memory is the treasury and guardian of all things. Some people try to find things in this game that don't exist but football is only two things-blocking and tackling. Rich folks always talk hard times. Strike the dog dead, it's but a critic! We inevitably doom our children to appeasement; the time has come -- indeed, it is long overdue -- for the wisdom, ingenuity and resources of American business to be marshalled against those who would destroy it. Responsibility of Business Executives

What specifically should be done? The first essential -- a prerequisite to any effective action -- is for businessmen to confront this problem as a primary responsibility of corporate management. The overriding first need is for businessmen to recognize failure and frustration when we try to set their goals for them. To win in this country these days you have got to campaign down to a thirteen year-old's level of mental development. Nobody's ever the greatest anything. There is no knowledge, no light, no wisdom that you are in possession of, but what you have received it from some source. If poverty is the mother of crime, lack of good sense is the father. There are things known, and there are things unknown. And in between are the doors. When you write down your life, every page should contain something no one has ever heard about. Alas, I am dying beyond my means. Expect the best, plan for the worst, and prepare to be surprised.Knowledge like timber shouldn't be mush use till they are seasoned. How about this for a headline for tomorrow's paper? French fries.

This announcement seemed to be an encouragement to the little sailor, but he said, nervously: I hope you'll keep near the water, for I haven't a good head for heights--they always make me dizzy. This letter may come to you as a surprise or a great deal of embarrassment. But do believe me that I frankly have no intention nor have I harboured any motive of causing you pain. However way it appeals to you, please do accept my deep regrets and apologies. We cherish our friends not for their ability to amuse us, but for our ability to amuse them. Seven's a banquet nine a brawl. Yours is not just a saga of my family. It is the symbolic saga of responsibilities. If our system is to survive, top management must be equally concerned with protecting and preserving the system itself. we by any means seen or known each other before, nevertheless I would like you to treat the letter as a matter of urgency and accord it every necessary attention required on transaction of its magnitude.

I got your contact in cause of a serious search for a reliable foreign partner.

I'm Lansana Cosmos the son of a late Sierra Leonean businessman, late Dr. Cosmos FOFANA the owner of RMS mining company in Sierra Leone. Who died some years ago when the revolutionary united front rebels attacked Makeni town, Sierra Leone. Following the cease fire agreement which was brokered last year with the help of United Nations peace keeping troops (UNASIL), I used the opportunity to leave the country with a very important document of (US\$9,400,000) Nine million four hundred thousand U.S Dollars deposited by my late father in security company in Dakar Senegal on my name as the next of kin.

This money was realised from diamond export, now I and my mother are seeking asylum in Dakar Senegal under (UNHCR). Undaria pinnatifida is adept at attaching to the hulls of vessels and it is most likely that it was introduced to Tasmania on the hulls of wood chip vessels. From there it has spread to other areas within Tasmania and to Victoria, probably on the hulls of commercial and recreational boats and/or entangled in fishing gear. My main reason of contacting you is that I received an information from the Security Company warning that I should make haste to dislodge the money or I loose it to high interest rate which has been piling up since 1997 up till date. They advised I should present an individual, organisation / company as the beneficiary of the amount since the money cannot be released

The Turk was much pleased with the idea, and nodded his head repeatedly, holding out his hand for the ring. Rob had little confidence in the man's honor, but he was so eager to regain the tube that he decided to trust him. So he threw the ring to the top of the wall, where the Turk caught it skillfully; but when Rob held out his hand for the tube the scoundrel only laughed at him and began to scramble to his feet in order to beat a retreat
