Neglected Stockholder Power The average member of the public thinks of "business" as an impersonal corporate entity not to see what lies dimly at a distance, but to do what lies clearly at hand. I would rather be exposed to the inconveniences attending too much liberty than those attending too small a degree of it. Do not do what you would undo if caught. Life's too short for chess. BaatTo live is to change, and to be perfect is to have changed often. Democracy is the theory that the common people know what They want, and deserve to get it good and hard. The truest greatness lies in being kind, the truest wisdom in a happy mind. America is a model of force and freedom and moderation -- with all the coarseness and rudeness of its people. The man that blushes is not quite a brute. Every exit is an entry somewhere else. Prohibition may be a disputed theory, but none can say that it doesn't hold water. Exercise is the yuppie version of bulimia. Look for the good, not the evil, in the conduct of members of the family. An idea is worth nothing if it has no champion.

The difference between greatness and mediocrity is often how an individual views a mistake... Every great achievement is the victory of a flaming heart. Growing old is no more than a bad habit which a busy man has no time to form. Character is power it makes friends, draws patronage and support and opens the way to wealth, honor and happiness. expansion into Dallas/Ft. Worth, translating into over 9 million readers monthly and achieving an additional 17 million in annual revenues from the Metroplex Area alone. CDYV will also provide the necessary printing services for 150 other national publishers in their respective states resulting in another 9.5 million in yearly sales, with 50% to the bottom-line, on top of their already explosive, record-shattering figures. The publishing industry has always been an active leader in mergers, takeovers, and acquisitions. Dow Jones (DJ, 37.00, PE 32), Gannett (GCI, 79.00, PE 16), Knight-Ridder (KRI, 67.00, PE 16), and Tribune Co. (TRB, 40.00, PE 24) are just a few examples of industry leaders that have spent Billions over the last few years acquiring aggressive and profitable newspaper chains and publishing companies. CDYV represents the epitome of an attractive buyout target as their PE is 1 based on 12 - 18 month sales and earnings figures. The industry average PE is 20, indicating that a share price of 5.00 for CDYV would be a very conservative valuation.

Education is the ability to listen to almost anything without losing your temper or your self-confidence. You cannot do a kindness too soon, for you never know how soon it will be too late. Time engraves our faces with all the tears we have not shed.

Democracy! Bah! When I hear that word I reach for my feather Boa! One of the striking differences between a cat and a lie is that the cat has only nine lives.

You know children are growing up when they start asking questions that have answers. Knowledge is power, but enthusiasm pulls the switch. In a friend you find a second self. The world thinks eccentricity in great things is genius, but in small things, only crazy. Never give anyone the advice to buy or sell shares, because the most benevolent price of advice can turn out badly. Everyone who got where he is had to begin where he was. Never say a humorous thing to a man who does not possess humor. He will always use it in evidence against you. One should either be sad or joyful. Contentment is a warm sty for eaters and sleepers. Character is simply habit long continued. The red-letter days, now become, to all intents and purposes, dead-letter days. Cleverness is not wisdom. Marriage is an adventure, like going to war. This latter word conveys the diddling idea in every respect except that of magnitude. A diddler may thus be regarded as a banker in petto—a "financial operation," as a diddle at Broddnagg. The one is to the other, as Homer to "Flaccus"—as a Mastodon to a mouse—as the tail of a comet to that of a pig. Women lie about their age men lie about their income. Old age is like flying through a storm. Once you're aboard, there's nothing you can do. Making a long stay short is a great aid to popularity.

There is no such thing as a moral book or an immoral book. Books are well written or badly written. That is all. If what happens does not make us richer, we must welcome it if it makes us wiser. Age considers youth ventures. Love is rarer than genius itself. And friendship is rarer than love. There is not grief that does not speak. Daring ideas are like chessmen moved forward. They may be beaten, but they may start a winning game. The purpose of business is to create and keep a customer. Happiness is the longing for repetition. I look upon death to be as necessary to our constitution as sleep. We shall rise refreshed in the morning. No man lies so boldly as the man who is indignant. They will say you are on the wrong road, if it is your own.

A civilization is built on what is required of men, not on that which is provided for them. There are two ways of spreading light: to be the candle or the mirror that reflects it. The path of civilization is paved with tin cans. Emotion is the surest arbiter of a poetic choice, and it is the priest of all supreme unions in the mind. A fact in itself is nothing. It is valuable only for the idea attached to it, or for the proof which it furnishes. People want riches they need fulfillment. Christmas waxes a magic wand over this

It would not be better if things happened to men just as they wish.
Hatred is something peculiar. You will always find it strongest and most violent where there is the lowest degree of culture. Good counselors lack no clients.
Man alone is born crying, lives complaining, and dies fairly characteristic of the average business executive to be tolerant -- at least in public -- of those who attack his corporation and the system. Very few businessmen or business organizations respond in kind. There has been a disposition to appease; to regard the opposition as willing to compromise, or as likely to fade away in due time. Ayo Balogun
Good Day Friend,
This might seem very deplorable for a person that you do not know but as the title implies I am Ayo Balogun, the First Son of the former Inspector General of Nigerian police (IG) Tafa Balogun. I got your contact through my personal search on the internet.
I am contacting you due to the present situation as regards the special panel set up by the present democratic administration in my country (Nigeria) under the anti-corruption law passed mainly to recover what they termed 'The many deals of Inspector General of Nigerian police' this law is yet another smear campaign aimed mainly to frustrate, humiliate, dismember and widen the scope of hatred to our family.
The rampaging situation in our accounts abroad has yielded to the barbaric pressure and just last month we were squished out of another US\$85m and all this funds can be ascertained independently. You may wish to confirm this from a leading newspaper in Nigeria (This Day) from their website at You may be aware that my innocent mother is now on the run for her dare life.
According to my estimation in the deal my father did in Nigeria alone we still have

about US\$50m in cash in different Securities Companies that we intend to siphon abroad through your citizens. Yet, over many years the heads of national labor organizations have done what they were paid to do very effectively. They may not have been beloved, but they have been respected -- where it counts the most -- by politicians, on the campus, and among the media.
It is time for American business -- which has assistance for the purpose of investment in areas of your interest.
Therefore, I am soliciting for genuine partners that I can invest this fund which my father personally deposited with my own name unknown to any other person except me of about US\$20m. For more details, contact me as a handsome reward of 17% of the total sum awaits you subject to our negotiation and agreement.
You can contact me via my private e-mail at ayobalug@netscape.net for security reason for further details for now. In the event of you not being interested in this proposal, endeavour to keep this highly confidential!
Thanks and God bless you!
Sincerely,
Ayo Balogun

Its illegal to use hacked office X*P Minnesota, which can clinch a wild-card playoff spot with a loss by either Carolina or St. Louis this weekend, appeared on its way to retaking the lead. But a holding penalty on Birk -- the Vikings were flagged nine times for 78 yards -- wiped out a 16-yard run by Michael Bennett that would have given them the ball at the Green Bay 40 just before the 2-minute warning. The Vikings (8-7), though, couldn't get what they needed from a pass defense that has struggled all season. Government spokesman Raanan Gissin said four soldiers were killed. Six people were taken to hospital -- four badly hurt, one with moderate injuries and one lightly injured, military sources said. The sources said another soldier remained beneath the rubble. Gissin said rescue operations were continuing Sunday night. The attack "indicates that unless there is decisive and sustained effort taken to dismantle the terrorist organization, it will be impossible to move towards normalizations and towards political negotiations," Gissin told a news crew. "And I think the responsibility on that lies with the Palestinian Authority." Shortly after the first blast, a second explosion was heard in southern Gaza, but its precise location was not immediately known. Hamas, in a phone call to CNN, said it had set off the first explosion near Rafah in cooperation with a group called the Fatah Hawks. There was no immediate information available on that group, although it was believed to be linked to the Fatah movement formerly led by the late Palestinian leader Yasser Arafat. Israeli military sources said it was a

coordinated attack, with Palestinians firing mortar shells and guns at the post when the explosives were detonated. It was not clear whether there were Palestinian casualties. News video of the aftermath showed soldiers using stretchers to transport troops who appeared to be severely wounded. In a pamphlet distributed after the attack, Hamas said it had used 1.5 tons of explosives and had recorded video of the incident. Palestinians have used tunnels in the area to smuggle weapons from Egypt. Israel has carried out operations to crack down on the smuggling. Shell explosion in schoolyard An Israeli tank shell exploded in a Gaza schoolyard Sunday morning, wounding eight Palestinian schoolchildren, Palestinian medical and security sources said. The children between the ages of 6 and 12 - sustained moderate to light injuries, the sources said. The violence happened in Khan Yunis in central Gaza Israeli military sources said that forces in the area identified what they thought was a number of mortar shells being fired towards Israeli settlements nearby. In response, the forces fired towards the positions with light weapons, but did not fire a tank shell, the military sources said.

Hello.
The Banca Unione di Credito here in Switzerland, is one of the Largest Swiss banks licensed to operate Private banking in Switzerland.
My Name is Adrian Muster; and I used to work at the Banca Unione di Credito in Switzerland.
As an Investment manager with the bank, I have handled a lot of secret, tax free, investments offshore, which are not traceable for our numerous international private clients, gathered for both social and business reasons; the fix was solidly established; every facility was available for trimming a mark. which include Americans, Africans and Asians in line with their instructions. Because of the secrets and personal nature of these Investments we must work one on one with the clients to ensure full confidentiality.
The real purpose for contacting you is that, I have a very small proposition and I need your cooperation.
Eight years ago a client I worked with, a Mr. John de Balint; a Yugoslavian Oil Trader with Yukos Oil in Russia invested a lot of money in 4 different time deposit accounts, each for a 4 year period in our Offshore B ank in the Cayman Islands.
Before the maturity of these investments, the Bank was informed by the police; of his death in an oilrig explosion.
At the time of his death he left a Will and the Will stated that his only son (Who is in jail, in Sri Lanka for drug offences on a 25-

year sentence), was the only beneficiary to all his assets. Legally, the son cannot make the claim, so there is no next-of-kin to claim the funds.

The Funds have been dormant for the last 36 months and by the instructions here at our Switzerland head office, it will be declared unclaimed by the bank very soon. I just retired from the bank and I have spoken to Mr. John de Balint's son about this proposal also. I am therefore compelled to seek your cooperation to salvage the investments for the son and the rest for the both of us. I have decided to contact you and provide you with the necessary documents and assistances so you can claim the funds as the next of Kin to Mr. John de Balint.

The son will also be confirming your identity to the bank, as a known person to him and the funds will be transferred to you, because he cannot claim it himself, as the law forbids anyone currently associated with such criminal charges to make such a claim and if these funds are not claimed soon; they will be deposited into the Swiss Treasury as unclaimed funds. If this happens, no one can make claim to the money again.
You will have to hold 80% in lieu for the son and the balance can be shared between us based on our agreement.
Please respond immediately via any of my secure email addresses below indicating your interest or otherwise, and more details and relevant documents that will help you understand my proposition and how to proceed. I am looking forward to your response and cooperation.
Respectfully,
Adrian Muster.
