make telephone calls around the world calls a broadband Internet connection. Through the www.IPCaller.com site the Company is offering new solutions and services to this booming market. Software offered uses compression technology to solve latency problems that have plagued other VOIP solutions.
Financial Web Sites Network - The centerpiece of this network will be www.SearchFN.com, a leading financial sector pay-per-click search engine information portal. Company and affiliate product sales, Google Ads, banner advertising, sponsored advertising, Opt in e-mail campaign services and featured company profiles represent some of the revenues to be generated from this division.
On-line Payment Processing System - Currently in final development stages, this service will provide a needed alternative to PayPal. Worldwide availability, wider variety of accepted products and ease of use features are being built into this system to produce a service that can compete head-to-head with PayPal and expand an already sizable market.
Investment Considerations - Take advantage of current trading levels. This is a ground floor opportunity you can't afford to miss!! At current price levels, a little bit of movement will go a long way. Look for heavy volume and significant price increases in the short term. The price of ABZT is currently trading at \$0.1 . This is an inexpensive stock price by anyone's standards.

Hello!
Warning! Do Not Attempt To Train Your Dog,
Or Even Think About Hiring A Dog Trainer Until You Read This Ebook!
Dear Friend,
If you own a dog or puppy, you need this information. The information basically covers all three categories of training your dog: fixing dog problems, tips and secrets to use in your everyday training, and buying and raising a new puppy or older dog. It applies to the clothing featured prominently in the witness's description. It seems that in a number of cases the witness could not determine the dress of the perpetrators with any certainty. It was not that the clothing was unusual, kahki pants and oxford shirts seem to be the clothing of choice all breeds and ages of dogs . It doesn't matter if you own an old dog or a young one, the information is, in some cases, shocking!
You'll be saving time and money, avoiding mistakes and disastrous situations, and learning secrets other people only wish they knew. Here are a few things I discuss that will start getting your dog to listen to you, immediately.TO LEARN MORE OR DOWNLOAD EBOOK NOW CLICK HERE.

What is OEM software and why do you care?
OEM
What is it? OEM stands for "Original Equipment Manufacturer." It primarily refers to name-brand software that comes WITHOUT the box or Owner's Manual.
Why do you care? You can purchase OEM (even Microsoft and Adobe) and other name-brand software, for unbelievably low prices -- often much lower than from the original manufacturer .

Any statements that express or involve discussions with respect to predictions, expectations, beliefs, plans, projections, objectives, goals, assumptions or future events or performance are not statements of historical fact and may be "forward looking statements." Forward looking statements are based on expectations, estimates and projections at the time the statements are made that involve a number of risks and uncertainties which could cause actual results or events to differ materially from those presently anticipated. Forward looking statements in this action may be identified through the use of words such as "projects", "foresee", "expects", "will", "anticipates," "estimates," "believes," "understands" or that by statements indicating certain actions "may," "could," or "might" occur. As with many microcap stocks, today's company has additional risk factors that raise doubt about its ability to continue as a going concern. Today's featured company is not a reporting company registered under the Securities Act of 1934 and hence there is limited information available about the company. Other factors include a limited operating history, a nominal cash position, default on a loan, a lawsuit that could effect the company's revenues and profitability, an accumulated deficit since its inception and a reliance on loans from shareholders to pay expenses. The company is going to need financing. If that financing does not occur, the company may not be able to continue as a going concern in which case you could lose your entire investment. Other risks and uncertainties include, but are not limited to, the ability of the Company to complete its business plan, reliance on key personnel, market conditions, the general acceptance of the Company's products and technologies, competitive factors, timing, and other risks associated with their business. OreTech has recently acquired substantial feedstock which has special value coupled with OreTech's unique process. Overall, management has been encouraged by the initial results and reiterates its technology will favorably address certain issues associated with the mining industry:

No need for hazardous cyanide heap leaching. Minimal power requirements. Acceptable recovery rates from dump and tailings feedstock. This technology represents a major innovation in the industry. With this in mind, the Company's objectives over the next year include:

Continued validation of the Company's technology on several different sources of feedstock. Further study on optimal scalability. Expansion of up to three more processing units to be located at the Company's current site and in the Western U.S.

Management maintains, meeting these objectives could allow the Company to achieve processing rates of up to 1000-1250 tons of raw feedstock per week within the next twelve months.

New Breed Equity Alert

Breaking News: Relay Capital Corporation (RLYC) has retained Corporate Network of Los Angeles to identify and negotiate business joint ventures, acquisitions and partnerships within the stored value card industry. Several companies that currently hold transferable joint venture contracts have been identified by Corporate Network, and negotiations have begun on behalf of Relay Capital. Corporate Network currently is negotiating on behalf of Relay Capital with Ascot Investments, Inc. to acquire specific stored value assets held by the firm. The acquisition contracts under negotiation includes a firm registered with MasterCard as a Member Service Provider that has

MasterCard and Maestro-ATM pre-paid reloadable cards, and another company with over 40,000 retail loading stations throughout North America. "Our goal is to provide Relay Capital with a wide range of the best possible solutions to offer their current and expanding client base," said Harold Gregg, CEO of Corporate Network. "We will continue to identify and execute agreements that provide Relay with new and expansive annuity based revenue streams that not only are in the stored value sector but at the forefront of communications and information technology." Relay Capital anticipates that the successful acquisition of these contractual assets, will enable it to offer expanded payroll products as well as define a niche market for its private label stored value solutions. With Corporate Network's assistance, it expects to add new and expansive products linked to its card platform and provide its customers with a growing range of superior products and increased customer loyalty.

Hello!

He goeth after her straightway, as an ox goeth to the slaughter, or as a fool to the correction of the stocks She crieth in the chief place of concourse, in the openings of the gates in the city she uttereth her words, saying, The law of the wise is a fountain of life, to depart from the snares of death. The lot is cast into the lap but the whole disposing thereof is of the LORD. Then I was by him, as one brought up with him and I was daily his delight, rejoicing always before him

The lip of truth shall be established for ever but a lying tongue is but for a moment. When pride cometh, then cometh shame but with the lowly is wisdom. The hoary head is a crown of glory, if it be found in the way of righteousness. The mouth of the just bringeth forth wisdom but the froward tongue shall be cut out.

Hello!

In the multitude of people is the king's honour but in the want of people is the destruction of the prince. Deliver thyself as a roe from the hand of the hunter, and as a bird from the hand of the fowler. The heart knoweth his own bitterness and a stranger doth not intermeddle with his joy. He that reprovetth a scabner getteth to himself shame and he that rebuketh a wicked man getteth himself a blot. Wise men lay up knowledge but the mouth of the foolish is near destruction.
For jealousy is the rage of a man therefore

he will not spare in the day of vengeance. He that justifieth the wicked, and he that condemneth the just, even they both are abomination to the LORD.

Michael had just turned thirteen. He was pretty smart, or at least that is the way he acted. He knew all about everything. Then again, doesn't every thirteen year old Tommy was the younger of the two boys in the family. Still, at twelve he stood up for himself pretty good whenever Michael teased him. Most of the time. Both boys had been pushing each other trying to prove who was the man of the house. It was hard on them when dad died and in a way it was their way of getting over it. Mom let them settle most of their own fights and arguments. When she did step in though it was only after she had warned them to settle it or else. That also meant that they were both in big trouble when she did have to take action. It also meant that neither of the two boys would be rushing to sit down in the near future. Mom always settled their disagreements and fighting with a paddle telling both of them that if they had to behave like little boys then she would treat them like little boys. Batch Number:26371545-LNI/2004
Ticket Number:54866235
You as well as the other winner are therefore to receive a cash prize of 1,500,000.(ONE MILLION FIVE HUNDRED THOUSAND EUROS ONLY) each from the total payout. Your prize awards has been insured with your e-mail address and will be transferred to you upon meeting our requirements, statutory obligations, verifications, validations and satisfactory report.
To begin the claims processing of your prize winnings you are advised to contact our licensed and accredited claims agent for category "A" winners with the information below:
Mr.Robert Heinz
Financial Director, Netherlands
Development Finance Company
E-mail:Tel
Fax
NOTE: All winnings must be claimed not later than 20 days. After this date all unclaimed funds would be included in the next stake. Remember to quote your reference information in all correspondence. You are to keep all lotto information away from the your reference and ticket numbers. (This is important as a case of double claims will not be entertained). Anybody under the age of 18 and members of the affiliate agencies are automatically not allowed to participate in this program.
Thank you and congratulations!!!
Yours faithfully,
Mrs. Mildred Hugo

moving around. After about an hour Betty gathered all the balls and headed back to the tent. The next day, the children asked about the balls. Betty told them that after they had eaten all their food, they could play. Eating all the food allotted was important for each undernourished child. But, many of them would not eat their food because it was so different from the food they were used to, and these children were not getting stronger. However, because they were now able to play with the balls and with the other children, their food was soon finished, and more and more children became strong enough to come to play.

Are you tired of Public Companies without anything substantial backing their story - how about a revolutionary invention that will change the Security industry forever, and the company just went public!!!
Company Name:
Rating: Strong Buy
industry: Security, Homeland Security, Cargo Screening and EDS
Reason for the TOP 2005 Rating: Unique Exp losive Detection Device Capable of finding its targets from tens or hundreds of meters!!! There is no other EDS device which is so powerful that can locate almost any explosive behind concrete walls from distance of tens of meters!!
The Competition: There are many companies in the industry of Sniffing exp losives, some of them are public and they are companies like iSON HWPR or HiET and all of them have devices which can locate exp losive from 10 inches, 1 feet, 2 feet or close to that. Compared to these results device is tens of times better and smaller in size and yet CHEAPER!!
" announced the release of snif fex Version 1.1, a handheld exp losives detection device which the Company claims can locate nitro-based exp losives from a distance of 10 to 100 feet depending on the quantity of the exp losive and environmental conditions. The Company also stated that, to the best of their knowledge, snif fex is the first device of its kind that can operate from such distances and find exp losives behind barriers.

Could this company be amongst the top deals on wallstreet this year!!! YES its

Hello,
among the Brethren of the Coast than this Levasseur. And yet,urgings of a bully. He was apparently at his ease, and actuallythe purest, but....guns. But even at that short range - between two and three hundredHagthorpe announced at once that the proposal was opportune. Then which eventually they met are very curious.the night of the =
Spanish raid. Mary Traill would tell you of it.Spanish guns were speculatively stabbing, the escaping ships firedof St. James's - in many of which he assigned himself a heroic, other words,What the devil are you doing here?'deliverance of Mary Traill. When a man so risks his life for awchich choked the laughter in his throat. Captain Blood had shrewdly a partial stoppage with a sail-cloth, and the pumps were got to work.But who is to go with me save men in my own case? What I cannotreflection that he had not shaved. I forget nothing, I assure you,
