I JUST PROFITED \$46 in THREE DAY

809 Area Code. We actually received a call last week from the 809 area code.

The woman said 'Hey, this is Karen. Sorry I missed you - get back to us quickly. I have something important to tell you.' Then she repeated a phone number beginning with 809. We did not respond. Then this week, we received the following e-mail:

"Do Not Dial area code 809, 284, and 876 from the U.S. or Canada the day, it shall also be that I do not sleep at night."

This is very important information provided to us by AT&T. Don't ever dial area code 809.

This one is being distributed all over the US ... This is pretty scary, especially given the way they try to get you to call. Be sure you read this and pass it on.

They get you to call by telling you that it is information about a family member who has been ill or to tell you someone has been arrested, died, or to let you know you have won a wonderful prize, etc.. In each case, you are told to call the 809 number right away.

Since there are so many new area codes these days, people unknowingly return these calls. If you call from the U.S. or Canada, you will apparently be charged a minimum of \$2425 per-minute.

And you'll also get a long recorded message. The point is, they will keep you on the phone as long as possible to increase the charges.

Why it Works:who has judgment enough to distinguish and follow the cry of the entreaty, had no other punishment than a sound whipping.

Consolidate and reduce your burden. Get back on track without declaring bankruptcy. Let us help you lift the weight off your shoulders.

One payment and you're done. It's a great feeling to finally get your troubles in line. We can help make this happen for you too.
